TECHPOINT FOUNDATION FOR YOUTH®

BECOME A STATE ROBOTICS INITIATIVE PARTNER!

TechPoint Foundation for Youth's STEM programming, including the State Robotics Initiative (SRI), is made possible through the generous support of our partners. To date, over 20,000 students have access to STEM programs, including 17,000 on robotics teams. As a partner in growing Indiana's STEM future, your donation supports STEM education like robotics throughout the school year, with recognition provided at Indiana's VEX Robotics State Championship event in front of a crowd of more than 10,000 spectators and participants.
